**Just Returned From
New York**

I have just returned from New York where I at-
tended three of the largest openings of spring and summer
garment establishments in that city. They were attended
by most of the prominent high class ladies' tailors of the
United States.

If you are contemplating having a spring costume of
any nature made, you should come immediately in order
to avoid disappointment later when the rush season is on.

I have an excellent assortment of domestic and im-
ported fabrics for garments of any kind. Come in. We
will be pleased to show them to you.
